L.Dis.17875-Mal/55 dt. 30--3--1955

Sir,

FILARIA CONTROL - Kasargod panchayat - South Kanara district
Legislative Assembly starred Question No.3612 dated 14-3-55
Ref: Government Memo.No.28320-H IV/55-1 dt. 24-3-1955

A filarial survey was carried out in Kasargode panchayat by the Regional Malariologist,Coimbatore and a scheme of anti-filariasis measures was formulated at an estimated cost of Rs.3000/- per annum and recommended to Government. This scheme was approved in G.O.Ms.No.1142 Health dt. 29-3-1950 with 1/3rd grant and the panchayat Board has been implementing the scheme from 1950.

Government in their order No.448 Health dt. 4-2-55 have sanctioned the National Filaria Control Programme. Under this programme Kasargod along with Kozhikode and Mangalore municipalities has been selected for inclusion in the comprehensive filariasis control unit.

Yours faithfully,

For Director of Public Health,Madras.

*Q.No.3612.

Will the Hon. Minister for Health be pleased to state what steps Govt. have taken to prevent and control filaria in Kasargode, South Kanara?

Answer

A scheme of anti-filariasis measures is being worked by the Kasargode panchayat, for which ~~ANSWER~~ one-third grant is paid from State funds ~~for the anti-filarial scheme which is now worked by the Kasargode Panchayat~~. The control unit to be started under the National Filaria Control Programme will also deal in the first instance with this Panchayat.

H.E.L.A.(H.IV)

NOTE FOR SUPPLEMENTARIES.

Filariasis is endemic in Kasargode Panchayat. Since 1950 the panchayat is working an anti-filarial scheme (estimated cost Rs 3,000/- per annum) with a one-third grant from State funds. The measures undertaken under this scheme are mainly anti-larval in character.

2. This State is now participating in the National Filaria Control Programme of ~~an~~ Govt. of India under which this State has been allotted one control unit and two survey units. The control unit which will be formed as soon as the equipment and materials promised for it are received from the Govt. of India will be located in the West Coast to deal in the first instance with Mangalore and Kozhikode Municipalities and the Kasargode Panchayat. The control unit will supplement anti-larval measures with anti-adult measures and will also deal with the parasitic factor in the human host by the mass administration of Hetrazan.
